MISTY STONE LIKES IT LONG

Byron is one of my favorite fucks. I love his huge cock, and long endurance. I love the way he'll eat my pussy for hours – not really because there isn't enough video time for that. But I really love the way he talks to me during sex and even after the cameras are off. What a sweetheart. Who wouldn't want to fuck him. Let's go!

**His cock is so long that it
fills my pussy really good.
It will hit the back of it and
even though I'll scream,
I love it and want him to
push it in even further. Of
course I love to suck his
cock. It always stays hard
and even after I done sucking
and ready for fucking,
it's there, ready and will-
ing. I wish all my cocks

IT'S TIME FOR SOME SERIOUS SEX

We love making love to women. And we think it's for all the right reasons. Women are soft and sexy. They're gentle lovers and usually know how to please another woman. But what really turns us on is sixty-nining. Pussy is so nice. We love the feel of a shaved twat and the little pink clit that lies hidden until a tongue coaxes it out. Believe it or not, our best orgasms have been clitoral. They're so intense.

Oh, and did we mention that we love cock, too. We love it almost as much as we love pussy. But what's really cool about a three-way is that you can watch two other people have sex and you're right there – inches away from the action. What you don't get in these pictures is the motions, and what you don't get in video is the smell of sex. That's one of the hottest turn ons!

Performing sexually is a real turn on for me and much more exciting than I expected. Sure there's the time in front of the camera when nothing is happening as things get set up, but when they do, I'm ready and all over it. When I got over all the people on the set and the director's constant barking directions, I was into it.

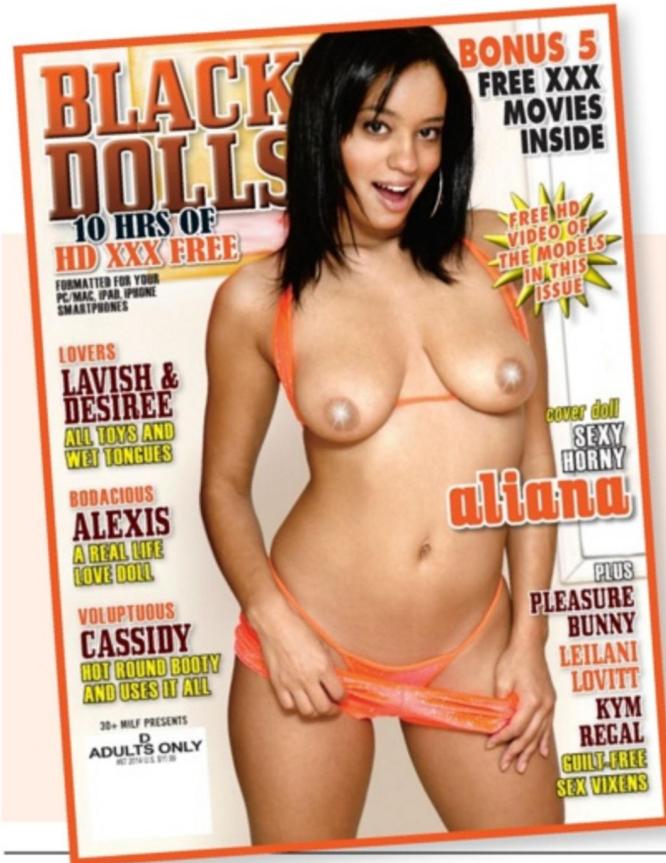

My best orgasms cum when I'm having my pussy fucked by a thick cock. I like them better than long ones because they fill me better. It's a personal thing. Of course a big fat cock in me tickling my insides can really push me over the edge. And when I'm done, it's all about the cuddle!!!

Black Dolls: I can't believe I did not know about Aliana. What a doll, She's as hot as they cum and has a great sexual look. I watched her video and she was even hotter there than in the pictures. Thanks for a great looking woman I can adore, and jerk myself.

Marc, NYC

Dear Black Dolls,

I need to get something off my shoulders about my home life and you seem to lend a sympathetic ear at times. It all began one night when she confessed her infidelity to me. She told me of her affair with an office co-worker named Hasan. Layleene is my wife. The best thing about Layleene is that she lives to please, especially me. Well it may not seem that way from my last statement but we've been living pretty well now for the past four years. To my own amazement, I found that I did not get upset by

the one night stand. No, in a strange way it was a great turn on for me. Some of her other indiscretions were 'special dates' with sexual affairs where she made it with someone and later confessed to me and it usually ended in a night of explosive lovemaking.

So we decided to get a little more adventurous and last week decided to try a three-way with Morris, a guy from the apartment complex we would see at the pool. He was probably 25 and seemed nice with a good body and nice hair so Layleene struck up a conversation with him – and over

a few meetings at the pool
she brought up the subject
and he agreed. They made
plans and it was on.

It was decided a neutral place would be best for the first rendezvous, so we met at a nice hotel in another city about 30 miles from ours. The drive made us even more nervous but we decided to go ahead. We arrived first and I gave Layleene some time to freshen up and get ready. She put on a black sheer baby doll nightie that showed off her

figure. She has the body of an Egyptian goddess and a good make-up job made her even more alluring. But one of her best features was her smile. It drew you in and warmed you up right away. There's a knock on the door and I let him in. He and I sat on the chairs by the window and made with the small talk. Now I'm feeling a bit better about the situation. The bathroom door opens and out comes Layleene looking hotter than I've seen her in a while. She walks over to Morris and takes him over to the bed where they sit and begin to kiss as I watch quietly.

As I watch, she puts a finger to his lips, which he licks and sucks, and he does the same to her and she inhales it sucking it all the way into her mouth. He touches her breasts and she reaches down to undo his pants. He stands up and pulls off his shirt and she pulls his pants down to the floor. He gets onto the bed and they start groping each other.

If you have something interesting to share, then go write ahead. Send your letters to the Editor, Blair Publishing, Inc., 10170 W. Tropicana Ave. #156-168, Las Vegas, NV 89147. their hands all over each other's bodies. She pulls him on top of her and they kiss for a bit. Then they roll over with her on top and she slides down his body and takes his cock into her mouth with her hair spilling all about it. He is probably a good seven inches, maybe the same length as me, but he seems a bit thicker. I'll have to ask Layleene later if that's the case. Her head bobs up and down on his cock and he makes moaning sounds to accompany her. Then she sits up and guides his hard cock into her pussy. They find a rhythm and she rides him for what seems to be a good ten minutes. He reaches up and massages her breasts and she reaches back and massages his balls until they thrust and buck to screaming loud orgasms.

She falls off him and they lay there for a few minutes I get a good view of her cum-soaked pussy dripping out his cum juices and mixing with hers. He looks over at me and moves over to the edge of the bed grabbing a white hand towel to wipe himself with. I strip down and am already hard from their act. I climb on the bed on all fours and Layleene is waiting with knees up and legs open as I sink my cock into her wet pussy. I've never had 'sloppy seconds'

but their juices make my cock slide in and out with lubricated ease. I pump her for a quick minute and cum inside her with a burst I have not felt in a while. Morris gives us a mock applause and we all break out laughing. We sit on the bed and talk for a while and he gets up, dresses and leaves the room. Layleene and I snuggle and talk about the last few hours and then get up and take a shower together and then a wonderful dinner later.

We see Morris a few more times and each time was

better, but we've moved on to other guys and the sex between my wife and me has gotten nothing but better. We're now discussing a threesome with another woman or even swapping partners. I'll let you know how that goes when it happens.

– Samuel, Hartford

To the editors,

We're newlyweds – with problems already. My wife's twenty and I'm almost thirty. Before getting married we knew each other for only six months and didn't have much

sex since we decided to get married early on and there would be plenty of time for it. What sex we did have was what could be called heavy petting and we had intercourse a couple times, too. But now it's another six months into marriage and not once has she given me oral sex. Believe it or not we've shared all sorts of experiences together and have had sex in several interesting places and I've never complained. In fact it's been great – except for one thing...

All the times we've had sex together, not once has she been willing to go down on me. Not one of my past wives or lovers has hesitated. It was just a normal part of our sex lives. And what's stranger is that she likes me going down on her. I've tried to discuss it with her, but she's unwilling and puts me off every time. In order not to frustrate myself even more, I let it go and we move on; until our next lovemaking session and I have to go through this again.

I've never asked her to do anything abnormal to me, but a little BJ here and there would be nice. I don't ask her to swallow or spray on her face or body, and I don't pull her head down to my crotch, just a little licking and sucking would work for me.

I've read some articles in books and on the web about it but I don't feel any of it has helped. She will not see a therapist with me, or even alone. Basically, she does not see it as a problem. I do love her and I don't know if it's a deal breaker but if something doesn't happen soon, I don't know what I'm going to do. I'll listen to any worthwhile advice you may have.

I know it's a little weird to ask for this type of advice but I can't afford a therapist, and don't want her to know

advice, your message hits home with many men, and women. It may not be their wives, but their girlfriends. You have omitted many facts that directly address your specific situation, so we'll generalize and hope that somewhere in here will be some help in resolving your dilemma. You did not mention if you wash and are clean for when you have sex, so we'll assume you are and that is not an issue. You also did not tell us anything about her history before you because we assume this has been an on-

women from giving oral sex. And we'll also stay away from the equation of getting oral sex because they can be mutually exclusive. She may like getting but not giving. Some men are the same way, they just won't go south. So we'll start with the fact that most women like to be plied with romance. While men are more visual, women are more emotional about sex and that also applies to oral sex. Many women may find the sight of an erect penis (or even limp for that matter) unappealing. And there may be many rea-

Something to keep in mind is that, perhaps to her, your balls go right along with your penis and she cannot separate the two as different sexual elements. Perhaps there is something about putting a man's penis in her mouth that makes her feel very uncomfortable. Perhaps it's the thought of it being the conduit for urine that is a turn off, but we think that all mature people having sex realize that and shouldn't be an issue. Also, the area of penis and testicles is a place from which sweat cannot evaporate easily. If you haven't try showering together and soaping each other up, then that's a good way to have her touch you in a non-sexual way and scrub your groin area to become more familiar with it.

that I'm talking about it with strangers. I look forward to reading your answer in an upcoming issue. Maybe others out there with a similar problem can get help, too.

– Tyrell, L.A.

Dear Tyrell –

While we're not in the business of offering up sex

going aspect of her sexuality for years and not something new with your relationship. And finally we'll also assume that you have tried to find out from her if there was an event or events in her past that may be contributing factors to her hesitation.

With that said, let's address some issues that prevent

sons, social as well as psychological. In today's media-drenched world, the hundreds of analogies for the penis could trigger turning someone off. Bananas, cucumbers, sausages, microphones, lolipops, even fingers. Words like cocksucker, dirty dick, etc. also have negative connotations. Knowingly or not, so try to avoid them.

It seems to us that the more comfortable a person is with the other's person's anatomy, the less intimidating it will be. The more she is "hands on" the more comfortable she'll be with it. Encourage her to touch you down there, not only during sex, but in other playful moments as the opportunity arises.

Tyrell, if you have the opportunity to write us back with more details we'll try to address your situation a little better. Maybe you'll even have resolved it by the time you read this. Good luck dude.

I'm glad Lacee decided what we should do today!

My smartphone's ringing and it wakes me up around nine in the morning. Cursing its incessant tone, I answer and hear, "Hello Cassandra. How are you enjoying your empty house with no one around?" The familiar voice on the other end was Lacee, a good friend of mine and someone whom I'd had a crush on for a while now, but I think she's straight. After a few minutes, I remembered why the house is empty this weekend: my family drove to Chicago to visit friends.

"C'mon Cassie, get yer ass outa bed! Let's do something fun and exciting! Or we could just hang out and do nothing. Let's just do something today" she insists. "Okay, okay. Just give me an hour to get it together." I tell her and hang up. Now I have to find something to wear. I have to shower. First things first. Something to wear. I wanna look nice for her. I always want to. Blue tank top and black leggings. That's probably nice looking and comfortable enough. Blue is good because then I don't have to wear a bra. I've got less than an hour to shower and get dressed. I step into the shower, grab the soap and start soaping up. My hands spend a little extra time around my hard nipples and my full breasts.

I grab the razor and shave my pussy hair until it's almost all gone. I carefully shave around the edges and on the lips so leaving just a small patch on the front. I love the smooth feel of skin and sensations seem amped up right after I shave. Grabbing the soap again, I lather up my hands and run them over my newly shaved pussy. Then I stand up, reach up, take the shower head down, and turn the spray to 'massage.' I turn the water pressure all the way up and direct the spray at my clit and within seconds I'm ready to cum. I need something in me now. I find a brush with a really long handle in the shower with me, and I quickly grab it and prepare to plunge into my pussy. Its end touches my slit and I get a wild sensation. I push it in as far as it can go. The stream of water still on my clit plus the brush in my pussy makes my little spasms even stronger than they had been before. I'm thinking of Lacee being with me and licking me off. Well, that sends me over the top and I make one last thrust onto the brush handle as my pussy goes into seemingly endless spasms.

Suddenly I remember time is running out. Lacee will be over soon. I climb out of the shower and pat myself dry. Checking my clock, I have only fifteen minutes. I go back into the bathroom and pull on the clothes I picked out

earlier. The doorbell rings and I race downstairs to unlock the door and let Lacee in. She's stunningly beautiful as always with her dark hair just touching the tops of her perfectly-shaped shoulders and her firm breasts barely constrained by her tight top.

"Hey Lacee." I greet her. "C'mon in." She's smiles back and touches my cheek as she enters the house carrying a small plain brown bag with some tissue popping out of the top of it. As I close the door, I watch this little tart come in and think what a great ass she has, too. The total package. But, unfortunately for me, she probably is straight, or very religious, or has some hunky boyfriend drooling over her when they're together.

"Hey, birthday girl, come on over here and get your present, pretty girl.

Let's go to the living room?" I head into the large living room and sit on the sofa. Memories of sucking some hunky man's cock right here on the sofa, but now I must push them away. Here and now there is no sex, I tell myself as Lacee sits down the couch next to me, placing the brown bag in my lap.

"Go ahead, open it now! What you waitin' for?" she says excitedly. I grab the bag and open it just enough to peek in. I look up at her, kind of confused but she's got this big grin on her face. "Pull it out." I reach in and pull out a seven inch purple vibrator with little nibs all over it. I look at her with a quizzed expression because I always thought she was kind of close-minded about sex – except maybe with her long-time boyfriend. Apparently not. I must be reading her wrong.

"Pretty cool, huh? Don't you want to turn it on and give it the old college try. I just love using 'em!"

"You mean now? In front of you?" I protest. "Yeah, silly. Do it now." She says excitedly as she jumps off the sofa and swings her legs over me, straddling me as I sit on the sofa. Suddenly, we're facing each other and she's looking directly into my eyes. She smells great. I want to grab her head and pull it in for a kiss but she beats me to it. Before I know it, her soft lips are caressing mine. Closing my eyes, I savor her kiss, the softness of her lips and the sweet smell of her lipstick. I bravely decide to pull her close, feeling her firm boobs press against mine. Then I feel her hands moving up and down my sides, tickling me, and in return, I play with her back and ass. I can feel my nipples get harder and to my surprise she feels them and pulls up my tank top and immediately starts licking and sucking on one and then the other. I reach under her tank top and touch her perfect boobs with my hands and caress them gently. Her nipples stiffen under my touch and I languish on them for minutes before cupping and squeezing her boobs.

I move my gaze up to her face, and she's smiling at me. My hands play with her breasts and nipples and she moves in for another kiss as she moans quietly in my mouth. I break the kiss this time and take off my own shirt. Gently, I alternately take her perfect nipples in my mouth, licking and sucking at them until they are harder, blowing on them and biting them gently and making her whimper. She's loving it and when I reach my hands down to unbutton her pants while still sucking, she makes no complaint and even lifts her hips for me to take them off. I finish taking off her pants and feel her pussy through her underwear. She whimpers a bit and her hips push into my hand as I find her clit. Without warning her, I jerk off her underwear, toss them away, pull her hips

up to me and bury my face in her hairless pussy. I've never done this with a girl before but it just seems to come so naturally. I lick her entire

slit from top to bottom. She flinches in pleasure as I brush her clit with my tongue. With one hand, I reach up and begin to massage her beautiful tits, rubbing and pinching the nipples while caressing the brown surrounding flesh. She's nearing orgasm. I can tell by the tension in her body. I stop sucking for a moment and Lacee whimpers for me to continue. Instead, I put two of my fingers in her slit, pushing them in and out gently. She seemed to love this, raising her hips up for me to go deeper. Boldly, I reach around the sofa to find the vibe.

I turn it on and hear the soft buzzing muffle as I gently push it into her wet pussy, I feel her pussy muscles spasming hard as her love juices leak out around it. Holding it there, I move my face upwards along her hot body

(She says excitedly as she jumps off the sofa and swings her legs over me, straddling me as I sit on the sofa. Suddenly, we're facing each other ...)

Our mouths meet once again. She lies quietly on top of the full length of me. Our wet, naked bodies touching tip to toes and it's a sensation like I've never felt.

to kiss her. Again her lips meet mine and our tongues dance to the beat of our hearts, with the vibe providing the music. We lie kissing side by side for a while and she suddenly moves from my mouth down to my boobies and pert brown nipples. As she licks and sucks them, they get hard and sensitive, and I feel little fiery shivers coursing down my back into my soaking pussy. She reaches toward my dripping slit as I sit with tension building, waiting eagerly for her to touch me. My hips jump towards her hand and I feel warm and tingly inside, all over my body. She slips a long finger inside me and feels around, making me squirm. She still has the vibrator inside her, and I can tell it's bringing her close to another orgasm. She slides another finger into my pussy, her thumb hits my clit, and I jump again. Seeing this, she rubs her thumb up against my clit in little circles. I involuntarily begin to gyrate my hips along with her motion. It feels wonderful and I'm on the brink of climax in seconds. Suddenly, she stops everything, tenses up, and moans in powerful orgasm from the vibrator still in her dripping pussy. Her body shakes and spasms, humping the vibrator. I reach down and gently remove the vibrator from her still spasming slit.

We lay in the bliss of our first time and after a few minutes she gets up and goes to the bathroom. I fall asleep, naked on the sofa. A while later, I get woken up by an unfamiliar buzz on my clit and a tongue on my pussy. I revel in the feeling a while, hoping it's not just a dream. Suddenly, I remember what happened previously and I open my eyes to find Lacee lying between my legs with the

this new vibe into my pussy all the way to the hilt. I scream in pleasure and pain. She holds the vibe in me on low so I'm still stimulated, and moves up my body for a kiss. Our mouths meet once again. She lies quietly on top of the full length of me. Our wet, naked bodies touching tip to toes and it's a sensation like I've never felt. She was a blanket of beautiful female flesh pressing all her delicious parts against mine.

We get up and made some eggs and coffee and talk about what just happened. She told me she had always wanted me and didn't know how to break the ice, so she thought of getting the vibe for my birthday and surprise me with it. She said her upbringing wouldn't have let her do things like, that but her urges get

vibrator in hand, pushing it into me and her tongue on my dripping slit. My pussy involuntarily reacts to the double stimulation and in my half-sleep, I buck my hips uncontrollably sending hot gushes of girl-juice into her waiting mouth. She sticks her tongue in my dripping passage, feeling around a bit, making my climax even more intense. Suddenly, she takes her mouth away and shoves

the best of her. Well, I thanked her for fulfilling her urges and we kissed again. She cleared the kitchen table, pulled me to sit up on it and got the vibe. I didn't finish my coffee.

Most people may think my boobs are my best asset, or think that I think so. But I think my best asset, not to sound corny, is my mind. It's the driving sexual organ and your mouth, pussy, boobs and ass cannot feel any excitement without it being excited first.
